Dear friends of the Kunstmuseum Ravensburg,

The old year is coming to an end and the new one is already attracting visitors with exciting art themes and events.

On 10 December, the art trip to the Kunsthaus Bregenz took place and all those who could be there experienced a highlight: A wonderful guided tour through the fascinating exhibition by Anna Boghiguian with the director of the house Thomas Trummer. It was a great end to our club year!

Attached is the annual program 2023 of the Kunstmuseum Ravensburg. Next year we will celebrate its 10th birthday! Can you still remember the turbulence with which it all began - and today we can no longer imagine this institution, which has become so important for many people, our city and region.

When planning and organizing our annual program, I am already looking forward to meeting you at our events.

Best wishes
